### Q1 budget deficit soars

The budget deficit during the July-September period last increased by nearly 200 per cent compared with the corresponding three months in 2018, as gains in tax receipts were offset by higher spending and growing debt servicing, according to the government statistics. The statistics show that the deficit widened to Tk 321.44 billion (32,144 crore) during the first quarter or Q1 of this fiscal year. The rise is 183 per cent compared to the same period a year earlier.

### Capacity payments up five times in nine yrs

Country's privately-owned power plants, especially the oil-fired ones, received a staggering Tk 89.29 billion in 'capacity payments' from the government in fiscal year (FY) 2018-19. The plants got the fund without generating any electricity. The capacity payments were 43 per cent up from that of FY '18. The Bangladesh Power Development Board (BPDB) that makes the payments to private power plants faced a revenue shortfall worth Tk 86.08-billion in FY '19.

### **BCIC disputes Q1 financial report of Miracle Industries**

Bangladesh Chemical Industries Corporation (BCIC), a major shareholder of publicly listed Miracle Industries Limited, has raised questions over authenticity of the company's financial filing, officials said. Contradicting the facts in the first quarter (July-September) financial report, the BCIC alleged that a group of people claiming themselves to be directors submitted the report to the Dhaka Stock Exchange (DSE) early this month without approval from its board.

### **IPDC rolls out blockchain-based supply chain finance platform**

IPDC Finance Ltd has rolled out a blockchain-based supply chain finance platform, the first of its kind in Bangladesh, with a view to giving out low-cost loans to micro and small entrepreneurs. A blockchain is a database that is shared across a network of computers. Once a record has been added to the chain it is very difficult to change. To ensure all the copies of the database are the same, the network makes constant checks, according to Reuters. Blockchains have been used to underpin cyber-currencies like bitcoin but many other possible uses in areas such as banking and supply chain are emerging.

#### **EQUITY RECOMMENDATION STRUCTURE (ABSOLUTE RATINGS)**

We calculate our target price by weighting DCF, DDM, SOTP, asset-based and other relative valuation methods, and applying appropriate premiums/ discounts and/or other relevant adjustments.

Expected absolute returns are calculated as the percentage of difference between our target price and latest close price. Stock recommendations are based on absolute upside (downside) and have a 12-month horizon. Please note that future price fluctuations could lead to a temporary mismatch between upside/downside for a stock and our recommendation.

<b>Recommendation Type</b>	<b>Holding period (if not otherwise mentioned)</b>	<b>Absolute Return Potential</b>
Buy	12 Months	More than +15%
Neutral/ Hold	12 Months	Between +15 % and -5 %
Underweight	12 Months	Less than -5 %
